

Masks

Recommendations for the general public

MASKS ARE MANDATORY AT ALL TIMES

For all people over six years old, even when a safety distance of 1,5 m can be maintained.

The mask must cover from nose to chin.

Masks with exhalation valves are not to be used except for professional uses, when required.

SWIMMING POOLS AND BEACHES

Remember that masks are mandatory in beaches and pools, when entering and leaving and during walks.

Masks may be removed before going into the water or when you are still in one place, as long as you can maintain a safety distance with personas you do not live with.

HOTELS, BARS AND RESTAURANTS

Masks must be left on excepto when you are drinking or eating.

SOCIAL AND COMMUNITY LIFE

Masks are recommended in private areas, both indoor and outdoor aside from maintaining social distancing and applying hygienic measures and limiting the number of **assistants to a maximum of 25**.

Wearing the mask properly is important in order to ensure its efficacy. If the mask is not adjusted properly, it does not protect as it should.

NO

Do not leave nose uncovered

Do not wear the mask as a scarf

Do not wear the mask as a cap

Do not remove mask when speaking

Do not share the mask

YES

Wash hands before putting on the mask

Place adjustment straps behind ears

Place over nose and mouth

Fix nasal adjustment

Remember that in order to avoid outbreaks, if you have any symptom compatible with COVID-19, do not leave your home and phone health services at **881 00 20 21**
